

THE DAILY BULLETIN

FRIDAY EVE., JANUARY 16, 1855.

The steamer Emma Graham has been attached at Pittsburgh by creditors.

The Nevada Legislature has re-elected John P. Jones to the United States Senate.

The despatches from the south say that Louisiana is threatened with an overflow.

The River and Harbor Bill has been voted by the House committee. The total amounts to \$10,500,000.

A WELL-PRESERVED silver dollar of the coinage of 1804, according to a catalogue lately issued, is worth \$600.

The Wisconsin United States Senatorial contest has quieted down, and now all concedes the election of Col. J. C. Spooner, of Hudson.

There is a question of veracity between St. John, the prohibitionist, and one Legate. As Legate is not a Prohibitionist the probabilities are that he is muddled in the matter.

The Republicans of the Illinois Legislature are first, last and forever for Logan for Senator. The Democrats are being courted by Judge Davis, Davis, Carter Harris, General Black and others.

A Bill has been introduced in the Indiana Legislature to make life imprisonment mean fifteen years confinement, and at the expiration of that time a discharge on a ticket of leave. The measure is denounced as absurd.

WALLACE BORDERS, a noted safe burglar, who not long ago committed a robbery at Louisville, has been captured in Monroe County. A large reward had been offered for his arrest. Borders has been in Texas most of the time since the robbery.

The Democratic caucus of the Connecticut Legislature nominated William H. Barnum for United States Senator. The Republican caucus nominated Orville H. Platt. The Republican majority in the Legislature on joint ballot is eighty-two, making Platt's re-election certain. The election occurs Tuesday of next week.

The poor colored people were induced to leave their homes in the South and emigrate to Kansas, for the purpose of creating a political sensation, are paying dearly for their ignorance and folly. Those who inspired the movement have deserted them, and the greater part are paupers, and suffering from cold and privation.

Mr. P. T. BARNUM is a philanthropist. He wants to help General Grant out of his financial strait and suggests a partnership in the show business. With Grant and his presents as attractions the "greatest show on earth" would, under Barnum & Grant, be immensely popular, and be more remunerative than was the house of Grant & Ward.

The records of the Treasury Department show that during 1854, one hundred and thirty-five appointments were made in that department under the civil service rules, and not one of them a Democrat. It could not have been any worse, if the old methods had been pursued, but the experience will be useful in showing how elastic these rules are.

Editor Bulletin: I wish to pass through the columns of your paper to the Democratic voters of Mason County that if I should be fortunate enough to secure the County Clerkship, I will faithfully discharge the duties of the office, and represent that has been my belief that I am a candidate in the interest of another person is not true. If I am elected to the office I expect to discharge the duties in person.

JOHN W. WATSON.

General Grant.

Editor Bulletin: The Republican Senate, of which I am a member, was composed of Southern members, who, for policy's sake, voted for the measure, has just passed a bill which will restore U. S. Grant to the position of Commander in Chief of the army, which he resigned to become a candidate for the Senate. This action of the Senate is without precedent, and is an unfair and unwise an unjust imposition upon the people, an injustice to the other Generals of the army, and it is without sufficient excuse. Grant is broken down in health, crippled, ill, he is not the proper person to be made Commander of the army with full pay. If, as is claimed by the advocates of the Senate measure, he needs special help, in the name of right and justice, on the treasury of the United States, in this round-about way be made to add to his already liberal income? If the \$15,000 or \$20,000 income per annum which he is now receiving will not suffice his life is not sufficient to support him and enable him to carry on the banking business and engage in stock deals—if he is to become a national charge upon the people, about the proper paper for Congress to appropriate, and to appropriate about a million dollars of the public money and build a private hospital for him and liberally stock it with a large supply of all the luxuries of life, and employ a good supply of doctors, nurses, etc., for it, and put Grant in it all at the public expense. *Reprints.*

HONORABLY DISMISSED.

The Charges of Evading the Pool Against the C. H. & D.

INDIANAPOLIS, Jan. 16.—The C. H. & D. has been charged with breaking the rules of the East-bound and Chicago and Ohio river pools. The charge, if proved, was subject to a fine of \$100,000. The case was heard in the U. S. Circuit Court, and Commissioner Doherty of the C. H. & D. was present. Among those present were General Freight Agent McLeod, of the C. H. & D., from Cincinnati, and representatives of the freight department, other members of the commission read the charge, and the evidence seemed to be rather strong, leading one to believe that the charges were true. Mr. McLeod was then asked for an explanation of his road's action.

Mr. Doherty, of the C. H. & D., advanced by

Commissioner Doherty would lead to the belief that the road had intentionally violated the pool, but this was not true. If it had been done it was not intentional. He said that no one was present at a public dining room at Hamilton, O., but he was receiving grain from points on the Vandals and the Indiana, Bloomington & Western road; that said party had made Hamilton its distributing point, and that some of the grain which he had shipped in the same car, with out breaking bulk, was on the Cincinnati, Hamilton & Dayton road and other roads of the state of Ohio and Pennsylvania, and the party claimed that he had not violated the pool. He could, of course, have forwarded a few car loads to Buffalo, and that some of the shipments upon which the charge was made that the Cincinnati, Hamilton & Dayton was evading the pool, he could not say. He said that Mr. McLeod really had nothing to say as to where the grain should be delivered after being shipped from Hamilton, except to name the rate, but he positively denied that there was the least intention of evading the pool.

Mr. McLeod talked very coolly about the matter and seemed honest in his statement.

At the conclusion of his remarks Mr. Doherty said that he had no objection to the C. H. & D. evading the pool, but that the C. H. & D. had no right to do so. The prevailing sentiment was that Mr. McLeod's explanation was so satisfactory, and by a unanimous vote it was so booked on the minutes of the meeting.

Mr. McLeod was then asked if he had been offered for his arrest. He said he had.

Mr. Doherty said that he had been offered a large sum of money to get him to do so.

A handsome quilt raffled recently was drawn by Mrs. Patrick Cullen. The lucky number was forty-three.

MESSRS. WILLIAM DIETERICH AND AD. RIST have bought the livery stable of Spears Bros., at Aberdeen, and will continue the business.

The weather bureau sends out the following prediction for to-day: "Rain all over the United States except in the Ohio Valley. The river will rise from Cincinnati to Pittsburgh."

The fine barn of W. S. Buckner, near Paris, burned on the 14th instant. The loss is \$3,000 with no insurance. The fast trotter Caliban was in the building and was saved with difficulty.

It is said that a small piece of resin dropped in a vessel of water on a stove will add a peculiar property to the atmosphere of a room and afford relief to persons troubled with a cough.

A Heartily Lady.

An old lady in Rhode Island who is one hundred years of age, brings in all her own firewood and then splits it to pieces. Iron in the blood, don't you see? If your blood is thin and poor, what you need is Brown's Iron Bitters. This prince of tonics contains the only preparation of iron that you can take with safety to teeth, stomach and general health. Mrs. Charles Dugan, Zanesville, O., says, "I used Brown's Iron Bitters for general debility and nervousness, and am now well."

Attractive and Useful.

The Brown Chemical Company, Baltimore, Md., the owners of the celebrated Brown's Iron Bitters, have just issued a beautiful Hand Book and Almanac for ladies, and a complete and useful Memorandum Book for men. These publications are attractive, containing a great many valuable and interesting things. They are furnished free of charge by druggists and contry store keepers, but should they not have them the Brown Chemical Company will send either book on receipt of a two cent stamp to pay postage.

The remarkable growth and progress of pianoforte making during the past twenty years should convince the wise that the world moves, that whatever has been made can be improved upon, and that the standard reached by manufacturers in the past will not answer the requirement of the present. During the past fifty years the instruments of several hundred firms, which have taken high rank in their time, now appear as toys beside the noble piano of to-day, and in the revolution of this industry, time and experience, skill and capital, have brought to the acoms of perfection the Henry F. Miller piano, and there it will stand "on top"—ill more time and greater skill are possessed by piano-forte artisans. The above facts are supported by another. You can buy these pianos at common sense prices on Main street, R. Wurlitzer & Bros., Main street, Cincinnati, between Third and Fourth.

"They Will Marry."

So says the Cincinnati Enquirer of the citizens of the Queen City. The same can truly be spoken of the young folks of this city and community. A regular epidemic seems to have struck the place this week. Last evening witnessed the nuptials of two happy couples, making the fourth who have launched their bark upon the matrimonial seas this week.

At 7:30 o'clock last evening, at the residence of the bride's parents, near this city, Miss Mary Kerr, daughter of Mr. Thomas Kerr, was married to Mr. Darius D. Moran, "Squire" M. F. Marsh officiating with all the grace and dignity expected on such occasions. After the ceremony the guests were served with an elegant lunch.

Mr. Samuel B. Oldham, the plumber, of this city, surprised his friends last evening by taking a girl for a "blushing bride," Miss Ella Pickett McDaniel, daughter of Mr. W. T. McDaniel. The wedding was solemnized at the residence of the bride's father on Grant street.
